

## Technocure Remote Panel for Spray-Cure™ B-Series Heater

### Technocure Deluxe Digital Remote

This control system incorporates ON/OFF switches and indicator lights for fan, burner and booth lights; SPRAY-CURE™ mode selector switch and indicator light; two discharge temperature selection dials (60-90°F and 80-180°F) with digital display; adjustable digital countdown timer(s) for PURGE (Optional) and CURE cycle; blind adjustable cool down timer; adjustable speed controls for exhaust fan in spray and cure mode; booth pressure gauge and cure interlock relay. Optional Burner ALARM light and remote ALARM RESET push button and CHECK FILTER indicator light. In a NEMA 1 enclosure.

### FAN/BURNER/BOOTH LIGHT ON – SPRAY

**Mode:** Heater operates continuously, supplying make-up air. Burner modulates maintaining a constant discharge temperature (60-90°F). Spray speed dial adjusts booth pressure via exhaust fan speed.

### SPRAY-CURE Selector Switched to CURE

**Mode:** Adjustable PURGE timer (Optional) is energized. Adjustable CURE timer is energized. BOOTH LIGHTS turn OFF when set to AUTO. Temperature control switches to CURE selector (80-180°F). Burner modulates maintaining a constant discharge temperature. Cure speed dial adjusts booth pressure. COOL down timer (Blind Adjustable) is energized. BOOTH LIGHTS turn ON. Temperature control switches to SPRAY selector (60-90°F). Burner modulates maintaining a constant discharge temperature. Spray speed dial adjusts booth pressure. Heater turns off.

### Installation Code and Annual Inspections:

All installations and service of BANANZA® / Technocure equipment must be performed by a contractor qualified in the installation and service of equipment sold and supplied by Bananza/ Technocure and conform to all requirements set forth in the BANANZA® / Technocure manuals and all applicable governmental authorities pertaining to the installation, service and operation of the equipment. To help facilitate optimum performance and safety, Bananza/ Technocure recommends that a qualified contractor annually inspect your BANANZA® / Technocure equipment and perform service where necessary, using only replacement parts sold and supplied by Bananza/ Technocure.

**Further Information:** Applications, engineering and detailed guidance on systems design, installation and equipment performance is available through BANANZA® / Technocure representatives. Please contact us for any further information you may require, including the Installation, Operation and Service Manual
