

# VELVET SHIELD® PAD

## 18" x 18" Protective Welding Pad

Soft and flexible *Velvet Shield*® wraps easily around pipes, stuffs into tight spots, or drapes over glass or fabric to protect surrounding area from heat or flame with minimal heat transfer.

- **Autobody**
- **Automotive**
- **HVAC**
- **Plumbing**
- **Wherever heat protection is needed.**

- High-tech, soft, flexible, lightweight Carbon Fiber fabric stands up to heat, flame, molten metal and the harshest conditions.
- Protects wood, vinyl, metal, plastic, aluminum, glass, and fabrics from burn damage, sparks and spatter.
- Tough, tear-resistant, non-fraying.
- Easy to clean; just shake, vacuum or blow metal particles out.

### Specifications

Continuous operating temperature to 1800°F, intermittent to 3000°F

ASTM E84-97a scores:  
Flame Spread Index = 7  
Smoke Index = 4

Meets and exceeds all standards of NFPA 701 (Standard method of fire tests for flame resistant textiles and films)\*

\*As tested by ITS. Copies available on request.
